Renew by the 18th!

The last day to submit plan changes for accurate processing and billing for your renewal is the 18th of the month; that is two months prior to the renewal effective date.

Ex: Renew by October 18 for a December 1 effective date.

This will avoid:

- retroactive billing adjustments,
- another set of ID cards,
- claims re-adjudication.

Understanding Rates

Our goal is to minimize rate adjustments, so you can continue to provide health care benefits to your employees.

Rates take into account many variables, such as new technologies and rising health care costs.

Small Group premiums have been affected by the following changes related to the Affordable Care Act for ACA-compliant health plans:

- Age – limited to a 1:3 ratio.
Example: The rate for a 64-year-old can't be more than three times (300%) the rate for a 21-year-old.
- Each family member is rated individually based on his/her age. For the purpose of rating, the member's age is determined at the time a policy is issued or renewed.
- Only the first three children under age 21 are charged.

- Rates based on the geographic rating region of the employer.
- Regional rating areas are now grouped together for rating based upon the regions chosen by the state of California.
- Health status has been removed as a rating factor.
- Your premium is priced as part of one Health Net rating pool.
- Your pricing is adjusted to reflect the average risk in the state of California.

In the event additional federal or state legislative guidance or regulatory requirements emerge that result in a modification of the estimated impact of the benefit mandates, taxes or fees, Health Net reserves the right to further adjust its premium schedule.

We must raise rates to provide access to quality care. We know that higher health costs have an impact on your business.

You may be able to offset a renewal rate increase or even save over current rates by switching to a different plan or plans. For example, a plan with a deductible or a higher office visit copayment could lower rates.

You can use our benefit overviews to evaluate your options. Refer to pages 10-12 in this guide.

In addition, your premium reflects the following taxes and fees:

toward the purchase of medically necessary items such as supports, collars, pillows, heel lifts, ice packs, cushions, orthotics, rib belts, and home traction units.

You may choose to add chiropractic care to your HMO or PPO medical plans. We work with American Specialty Health Plans of California, Inc.⁶ (ASH Plans) to offer this additional coverage that more employees are seeking. **Acupuncture care is a covered benefit on all medical plans.**

Services or supplies excluded under the chiropractic care program may be covered under the medical benefits portion of the plan. Consult the plan's *Evidence of Coverage* for more information.

New for 2023: All of Health Net's Small Business Group PPO medical plans now have the option for Chiropractic Coverage as a buy-up.

Plan for the Unexpected

For many small businesses, an attractive employee benefits package includes Group Term Life and Accidental Death & Dismemberment (AD&D) insurance offering desirable benefit levels. This allows a small business employer to:

- Increase the attractiveness of the company's benefit package to employees.
- Offer employees life insurance benefits at economical rates.

One way you can enhance your benefits package and minimize administrative costs is to consolidate health and life insurance carriers. Carrier consolidation eliminates unnecessary administrative costs related to managing an employee benefits package.

Health Net Life Insurance Company underwrites Group Term Life Benefit Insurance and Accidental Death & Dismemberment Insurance.

Group Life plan features

- **Waiver of premium provision** – A life benefit can be extended during a period of total disability under terms specified in the group **Certificate of Insurance**.
- **Accelerated death benefit** – Provides financial protection to the insured in time of need, while also protecting the interest of the beneficiary. The accelerated benefit is a portion of the basic life insurance amount and is payable in a lump sum.
- **Conversion privilege** – A conversion privilege to whole life insurance is available to certain individuals whose coverage terminates due to reasons specified in the group policy.

Accidental Death & Dismemberment (AD&D)

These benefits are usually included as part of the group life insurance policy. Health Net Life Insurance Company does not offer Accidental Death & Dismemberment benefits on a standalone basis.

- Benefit is payable as a result of an accidental loss of life or any of the physical losses specified in the group policy.

- The maximum benefit amount is equal to the basic life amount shown in the policy.
- This maximum benefit amount is payable for loss of life. It can also be payable for the loss of sight in both eyes, loss of both hands or both feet, or any two or more of these physical losses in the same accident.
- One-half of the maximum benefit amount is payable for loss of one hand, loss of one foot or the loss of sight in one eye.

Footnotes

¹Usual, Customary and Reasonable (UCR) is the maximum allowable amount for a dental care service, determined by FAIR Health, Inc. on the basis of the fee usually charged by the provider and data obtained by FAIR Health, Inc. regarding fees charged by providers of similar training and experience for the same service within the same geographic area.

² Out-of-network benefits for Classic plans are reimbursed at the Usual, Customary and Reasonable (UCR) amounts as determined by FAIR Health, Inc.

³For employer-paid DPPO plans, orthodontia is available for groups with 2–9 enrollees with proof of immediately prior indemnity orthodontia coverage or for groups of 10 or more enrollees. For voluntary DPPO plans, orthodontia is available for groups of 10 or more enrolled employees.

⁴Out-of-network benefits for Essential plans are based on the allowable amount applicable for the same service that would have been rendered by a network provider.

⁵Members receive a 15% discount off the retail price or 5% off the promotional price of LASIK or PRK laser vision correction procedures. LASIK and PRK correction procedures are provided by U.S. Laser Network, owned by LCA-Vision. Members must first call 1-877-5LASER6 for the nearest facility and to receive authorization for the discount.

⁶Chiropractic care is offered by Health Net of California, Inc. for HMO and PPO plans, administered by American Specialty Health Plans of California, Inc., a subsidiary of American Specialty Health Incorporated (ASH).

Health Net Member Extras

We want your employees to get the most from their health plans. That's why we offer programs and resources to support their health and wellness.

Decision Power[®]: Health & Wellness

Decision Power is an integrated program created to engage people in their health. With personalized tools and achievable goals, employees can feel confident in their ability to make positive and lasting behavioral changes.

Through Decision Power, we deliver a personalized and accessible approach to wellness. Here are just a few of the ways we help employees achieve improved wellness:

- **Get help** with a specific health goal.
- **Learn** about treatment options.

- **Try** an online improvement program.
- **Assess** health risks with the health assessment.
- **Track** diet, exercise or cholesterol.
- **Better manage** chronic illness.

Focus on Early Access and Prevention

We don't wait until people get sick to help out. Our job, always, is to connect your employees with the care they need. We want them to use their benefits!

That's why we do outreach – phone calls, mailings and more – to encourage our members to get their annual wellness exam. It costs \$0 out-of-pocket, and it's the best way for people to know their health status.

From there, we can connect people to the care and resources they need to be their healthiest. Our resources span the full spectrum of health from timesaving conveniences to in-depth support, such as:

- **Easy access MinuteClinics** – a benefit with all HMOs to make it easy to get care for common illnesses, minor injuries (like a

sprain) and vaccines. MinuteClinics (found in select CVS stores) are also available to PPO members.

- **Nurse advice services** around the clock.
- **Care reminder messages** Members get useful reminders about steps they can take to prevent gaps in their care. These include tests to help keep them healthy, yearly shots and more! Doctors may also get these reminders so that they can better observe your health status.
- **Craving to Quit[®] program (tobacco cessation) cessation program** – Once members enroll in the Craving to Quit tobacco cessation program (telephonic), they get a coach to guide them through the quit process. Plus, members get access to useful tools to help you quit.
- **Health Coaching Program** Members can enjoy one-on-one wellness support by telephone with

a health coach. They can choose from a number of topics, including nutrition, stress management, exercise, tobacco cessation, weight loss and more.

- **RealAge[®] Program** is our healthy behavior program targeting the 4 highest lifestyle risks — Stress, Sleep, Nutrition, and Activity. The program is personalized to the individual based on risk level for each lifestyle category gleaned through RealAge test responses and personal interest. It's fully integrated with other features of the Sharecare platform, such as trackers, to drive sustained engagement and promote behavior change that can help lead to a lower RealAge.
- **The RealAge[®] Test** provides members with a custom report of their behavioral and medical health risks. Immediately after taking the online survey, they will receive a personalized action plan.

Group Administration

This quick reference section provides tips for applications, handling group changes and using our convenient online billing and enrollment tools. Turn to the appendix for samples of the following forms:

- Renewal Election and Open Enrollment Medical Plan Change Request Form
- Group Size Attestation Form

Application tips

We've included a handy submission checklist at the back of the Small Business Application for Group Service Agreement/Group Policy. Use the checklist to cross-check group applications to speed up application processing.

Double-check that these items are complete to speed up processing of your application:

- Date of hire
- Date of birth
- Signatures – Employees **accepting** coverage must sign the acceptance section. Employees **declining** coverage must sign the declination section.

Handling group changes

Adding employees or dependents

Groups can add employees at the following times:

- **New hire** (after meeting the company's probationary period) – Applications must be received within 30 days of member effective date.

Example: The probationary period is the first of the month following

date of hire. An employee hired January 15 would have a February 1 effective date.

Open Enrollment – During the annual renewal period, groups can enroll employees and dependents who had previously declined coverage.

Outside of Open Enrollment, dependents can only be added if there is a qualifying event, which includes, but is not limited to:

- Birth
- Marriage
- Court order
- Adoption
- Loss of coverage

All applications for adding new employees and dependents due to a qualifying event must be signed by the subscriber and received by Health Net within 60 days of the event.

Billing contacts

Our Membership Accounting is available to answer any billing or eligibility questions. The number is 1-800-224-8808, [option 2] or you can send a fax to (916) 935-4420.

California laws and regulations require us to provide notice of the consequences for nonpayment of the premium with an explanation of the applicable grace period. We will be including the required notice with each of our monthly bills. Please note that if you have paid timely in the past and have not received a risk of termination notice for nonpayment of premium, this notice will likely not impact your current payment practices.

If you intend to cancel or change insurance coverages, Health Net must receive notice on or before the first of the month prior to the effective date of the replacement coverage. Failure to do so may result in continued billing and additional premiums owed.

Canceling employee/dependent coverage

When should Health Net be notified of a cancellation?

Health Net must be notified as soon as possible prior to the last day that the member is eligible for coverage, but no later than 30 days¹ after the effective date of the cancellation. Premium credit cannot be issued for more than 30 days¹ retroactively.

Why is timely notification important?

Members who are no longer eligible, but who have not, in fact, been canceled by their employer, may incur substantial medical expenses between the time they cease to meet eligibility requirements and the time they are actually removed from the plan. According to the eligibility rules of your Health Net plan, if you notify us of a cancellation more than 30 days after what should have been the last day of coverage, Health Net will require that you pay subscription charges/premiums for the affected member up to the time that you provided us with proper notification.

¹Permitted days are subject to contract agreement.

How does cancellation of the subscriber's coverage affect the coverage of his or her dependents?

When the subscriber's coverage is canceled, all covered dependents also lose eligibility and are canceled automatically.

How is employee coverage canceled?

The group administrator may indicate the cancellation and effective date on the Current Membership and Membership Changes pages of their monthly billing statement (membership invoice) or process the change through the Online Billing and Enrollment tool at www.healthnet.com. You may also send written notification of the cancellation on the group's letterhead and mail it to Health Net at:

PO Box 9103
Van Nuys, CA 91409-9103
Fax: (916) 935-4420

Any written request from a group or broker will be accepted.

How can a dependent's coverage be canceled if the subscriber continues to be covered?

Follow the same procedure as when canceling an employee; or, to cancel a dependent's coverage when the subscriber continues to be covered, you must submit the following form:

Enrollment and Change Form

The "Delete Dependent" change option should be indicated below "Reason for Change." A completed, signed and dated *Enrollment and Change Form* must be submitted for each subscriber who is canceling a dependent's coverage.

Online billing and enrollment

Convenience and control 24/7

Health Net makes it easy for you to simplify health plan administration with Online Billing and Enrollment, our free, user-friendly web portal for enrolled employer groups. Visit our website at www.healthnet.com.

With Online Billing and Enrollment, groups can:

- View and print billing statements.
- Retain up to 24 months of billing and payment history for easy access.
- Track and update eligibility.
- View, add and update enrollment information anytime.
- Utilize convenient reporting features.
 - The Canceled Member Roster lists all canceled employees and their dependents, the plans they were enrolled in and the effective dates.
 - The Active Member Roster lists all active employees and their dependents, the plans they're enrolled in and effective dates.
 - The Enrollment Request Report lists all the daily transactions the group administrator has processed online.

All reports can be easily downloaded via PDF or CSV formats.

Online Billing and Enrollment is fully integrated to work with the rest of Health Net's systems, so the updates that you make will always be reflected online.

Important!

Recurring bill payment – There is a possibility that the recurring payment date will be automatically deleted during the annual renewal period. If this happens, the system will email the user. Also, be sure to retrieve any invoices needed for auditing or tax reporting purposes prior to renewal.

- 1. Log in to your employer account at www.healthnet.com.**
- 2. Your recurring payment date must be reestablished. If your bill is already online, you will need to make a one-time manual payment, then reestablish your recurring payment date. A recurring payment will schedule and draft your next bill that is due to cycle. If you elect not to reestablish a recurring payment date, you can simply make an online manual payment or mail a check for your premium. Making payments by the due date keeps your account current and out of risk for termination because of nonpayment. (Note: The payment grace period ends on the last business day of the month in which payment is due.)**

Group size guidelines

Pursuant to the Affordable Care Act (ACA), California has adopted the federal definition of who is an employee for purposes of determining your group's correct market segment (e.g., Large Group or Small Group). The information below will help you determine your group's size using the same calculation to determine employer liability under the "Shared Responsibility for Employer" provisions of the ACA and the Internal Revenue Code.

Calculation of group size

The definition of a small employer requires the group size be determined by adding together the number of full-time employees (i.e., those working a minimum of 30 hours per week on average) and full-time equivalent (FTE) employees, the majority of whom were working in California for 50% of the prior calendar quarter or 50% of the prior calendar year. Seasonal workers, temporary workers, leased employees, contractors, and those on COBRA are not counted.

Health Net of California, Inc. and Health Net Life Insurance Company (Health Net) will not perform this calculation on behalf of the employer but require the employer to fill out a form attesting to the fact that they have performed the calculation to determine group size using one of the methods described below.

NOTE: any group with 100 or fewer employees on their quarterly wage and withholding report (DE 9C) cannot be a Large Group, so this calculation does not need to be performed unless a group has 101 employees or more on its DE 9C.

50% of the prior calendar quarter test

To determine the number of full-time equivalents using the 50% of the prior calendar quarter test, add up the total number of hours worked by all non-full-time employees (i.e., those working less than 30 hours per week on average) over the course of 6 weeks during the calendar quarter prior to the quarter for which coverage is being requested, and divide that number by 180. If your calculation does not come out to a whole number, round down.

Formula:

Total # of full-time employees + (total # of non-full-time employees' hours worked divided by 180)

Example 1:

An employer has applied for coverage effective March 1 and has submitted the prior year Q4 DE 9C and 6 weeks of payroll from the same time period. There are 90 full-time employees, and the non-full-time employees worked 900 hours over the course of 6 weeks. Group size is calculated as follows:

$$\begin{array}{c} \text{90} \\ \text{full-time} \\ \text{employees} \end{array} + \begin{array}{c} \text{900} \\ \text{non-full-time} \\ \text{employees hours} \end{array} \div 180 = \text{95}$$

In this example, there are fewer than 101 employees, so the group is eligible for Small Group coverage.

Example 2:

An employer has applied for coverage effective February 1 and has submitted the prior year Q4 DE 9C and 6 weeks of payroll from the same time period. There are 95 full-time employees, and the non-full-time employees worked a total of 1,200 hours over the course of 6 weeks. Group size is calculated as follows:

$$\begin{array}{c} \text{95} \\ \text{full-time} \\ \text{employees} \end{array} + \begin{array}{c} \text{1,200} \\ \text{non-full-time} \\ \text{employees hours} \end{array} \div 180 = \text{101}$$

101.64 = 101 (rounded down)

In this example, there are 101 employees, so the group is not eligible for Small Group coverage.

50% of the prior calendar year test

To determine the number of full-time equivalents using the 50% of the prior calendar year test, add up the number of hours worked by all non-full-time employees (i.e., those working less than 30 hours per week on average) over the course of a month and divide that number by 120. That is your FTE calculation for one month. Perform that calculation for 6 months during the prior calendar year and divide that number by 6. **If your calculation does not come out to a whole number, round down.** That is your FTE calculation for 50% of the prior calendar year.

Formulas:

Total # of full-time employees + (total # of non-full-time employees' hours worked divided by 120)
 (Employee count for month 1 + month 2 + month 3 + month 4 + month 5 + month 6) divided by 6

Example 1:

An employer has applied for coverage effective January 1 and has submitted the prior year Q2 and Q3 DE 9Cs and 26 weeks of payroll from the same time period. It is determined there were 87 full-time employees in April, 94 in May and June, 92 in July, and 93 in August and September. It was also determined that the non-full-time employees worked 1,000 hours in April, 900 hours in May, 950 hours in June, 1,100 hours in July, 1,050 hours in August, and 1,200 hours in September. Group size is calculated as follows:

April

$$87 \text{ full-time employees} + \frac{1,000 \text{ non-full-time employees hours}}{120} = 95 \text{ (rounded down)}$$

95.33 = 95
(rounded down)

July

$$92 \text{ full-time employees} + \frac{1,100 \text{ non-full-time employees hours}}{120} = 101 \text{ (rounded down)}$$

101.17 = 101
(rounded down)

May

$$94 \text{ full-time employees} + \frac{900 \text{ non-full-time employees hours}}{120} = 101 \text{ (rounded down)}$$

101.5 = 101
(rounded down)

August

$$93 \text{ full-time employees} + \frac{1,050 \text{ non-full-time employees hours}}{120} = 101 \text{ (rounded down)}$$

101.75 = 101
(rounded down)

June

$$94 \text{ full-time employees} + \frac{900 \text{ non-full-time employees hours}}{120} = 101 \text{ (rounded down)}$$

101.9 = 101
(rounded down)

September

$$93 \text{ full-time employees} + \frac{1,200 \text{ non-full-time employees hours}}{120} = 103 \text{ (rounded down)}$$

101.75 = 101
(rounded down)

$$\frac{95 \text{ (April)} + 101 \text{ (May)} + 101 \text{ (June)} + 101 \text{ (July)} + 101 \text{ (Aug.)} + 103 \text{ (Sept.)}}{6 \text{ (months)}} = 100 \text{ (rounded down)}$$

100.78 = 100
(rounded down)

100 → Small Group

In this example, there are fewer than 101 employees, so the group is eligible for Small Group coverage.
