

DHCS has Announced a Targeted Rate Increase for Select Medi-Cal Services

Stay informed about these changes and how they affect you by visiting our dedicated provider resource page at www.healthnet.com/MediCalTRI.

To improve access to care, quality, and equity, the Department of Health Care Services (DHCS) is increasing rates to 87.5% of Medicare for certain Medi-Cal services. These rate increases aim to help expand accessibility and quality of service and increase patient satisfaction.

Visit www.healthnet.com/MediCalTRI for more information. Here you'll find:

- **FAQs** – Now available with answers to commonly asked questions to help providers understand how this change impacts them.
- **Trainings and Webinars** – Access links for upcoming sessions (coming soon).
- **Communications** – Stay informed with the latest news (coming soon).
