

Preventive Care

**Community
Health Plan**
OF IMPERIAL VALLEY

health net

Preventive care with regular health checkups is beneficial to your patients. Consider developing a personalized prevention plan to help them on their health care journey.

Community Health Plan of Imperial Valley members can be seen at least once per calendar year for preventive care exams.

Note: Healthy infants should be seen by their doctor often during the first year of life.

	Exam components	Some topics to cover during the exam
<p>Age 0-2</p> <p>(preventive care at: 2-3 days after coming home and then: 1 month old 2 months old 4 months old 6 months old 9 months old)</p>	<ul style="list-style-type: none"> ■ Measure head circumference ■ Length/height, weight, BMI ■ Age-appropriate exam 	<ul style="list-style-type: none"> ■ Development progress ■ Newborn screenings ■ Hearing issues ■ Vision problems ■ Labs/tests and screenings as applicable ■ Immunizations as applicable

When evaluating members and establishing the presence of a diagnosis, remember to put the M.E.A.T. (Monitoring, Evaluating, Assessing/Addressing, & Treating) in your documentation.

Monitoring	Evaluating	Assessing/Addressing	Treating
■ Signs	■ Test results	■ Ordering tests	■ Medications
■ Symptoms	■ Medication effectiveness	■ Discussion	■ Therapies
■ Disease progression	■ Response to treatment	■ Review records	■ Other modalities
■ Disease regression		■ Counseling	■ Referrals to specialists
		■ Planning	■ Disease management program
			■ Testing

TIPS to ensure healthy outcomes:

- ✓ Always share tests and screening results with members and how they can assess them via a patient portal
- ✓ Be sure to submit all applicable conditions via IDC 10 codes. Leverage CPT Category II codes to ensure outcomes to reduce chart collection events

Consumer Assessment of Healthcare Providers and Systems (CAHPS)[®]

Your Success is Our Success:

The Centers for Medicare & Medicaid Services or the National Committee for Quality Assurance may ask your patients how you rate in the annual Consumer Assessment of Healthcare Providers and Systems (CAHPS) survey.

Our goal is to partner with our providers to serve your patients with the best health care possible. Improving your patient’s experience during their office visit has been proven to improve health care outcomes and increase patient compliance with treatment plans.

Ensure your patient’s satisfaction:

- See patient within 15 minutes;
- Write prescriptions for medications on formulary;
- Share test results as soon as you get them;
- Help coordinate and manage care to other health services;
- And refer patients to network specialists.
